Students transferring into the school will be placed in the appropriate classroom by the administration on the basis of records available at the time of enrollment.

If, in the opinion of the classroom teacher, and based on available records, the student exhibits a need for redemption in reading or mathematics, the classroom teacher shall notify the Basic Skills teacher and the administration of the perception with substantiating evidence or reasons.

If the administration concurs in this assessment, the student may be assigned for additional assistance. Within such an assignment, the student will be administered the currently accepted evaluative placement test.

Continued and subsequent placement in a regular classroom, or additional assistance, or other referral for special services will be determined by the administration on the basis of these evaluative instructions and professional judgment which shall include teacher perceptions.

If a student transferring into the School has previously been classified and found eligible for Special Education Services, such student's case shall be referred to the Child Study Team. The Child Study Team will review all pertinent reports and data concerning the individual student and, in compliance with the regulation set forth in NJAC 6:28-1, recommend to the administration the most appropriate educational classification and placement for the student.

In the case of Kindergarten entrance determination or at the direction of the Child Study Team, an appropriate screening instrument(s) may be used as an evaluative instrument. If a Kindergarten student enters after the fall Terra Nova Test has been administered, then that instrument is to be used.
