GUIDANCE SERVICES

A guidance program shall be incorporated into the Alloway Township School District's educational program to aid students in making informed and responsible decisions and in using effective decision-making processes. The guidance program shall be developed and coordinated by the chief school administrator in consultation with teaching staff members he/she has identified as possessing necessary skills and abilities, to help students acquire the insights and knowledge they need to become autonomous, mature members of adult society in a democratic nation.

The board of education shall ensure all students have access to adequate and appropriate counseling services. When informing students about possible careers or professional or vocational opportunities, the options presented to students shall not be restricted or limited on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status. No biased or stereotyped tests or guidance or counseling materials shall be used.

The purpose of the guidance program shall be to help students in learning to make their own decisions concerning life's many choices--personal, educational, and career/vocational.

The guidance program shall provide, as fully as possible, the information needed to make the best decisions concerning the student's educational program. Such information shall include facts such as test scores, grades and educational history. Student records may also include anecdotes, but shall not carry judgments, opinions and other advice.

Students shall be encouraged to avail themselves of the help of the guidance department's personnel.

Guidance services shall include establishment of a referral system that guards the privacy of the student and monitors the efficacy of such referrals, when district resources are not sufficient, as in drug or alcohol counseling.
