Mission Statement

Unit Overview

In unit 3, students will learn to:

- identify the Art of Printmaking throughout history and/or different cultures to inspire a printed piece of artwork.
- select and create a print using basic printmaking techniques such as stamping, monoprinting, or stenciling.
- use and follow proper printmaking procedures safely to create a piece of art.
- emphasize texture and pattern by using everyday objects as printmaking tools.
- create multiples to better understand process over product.

	 Artists and designers experiment with forms, 	
	structures, materials, concepts, media, and	
	art-making approaches. Artists and designers	
	balance experimentation and safety, freedom and	
	responsibility while developing and creating	
	artworks. People create and interact with objects,	
	places, and design that define, shape, enhance,	
	and empower their lives.	
	Artists and designers develop excellence through	
	practice and constructive critique, reflecting on,	
	revising, and refining work over time.	
	 Artists, curators and others consider a variety of 	
	factors and methods including evolving technologies	
	when preparing and refining artwork for display and	
	or when deciding if and how to preserve and protect	
	it.	
	Objects, artifacts and artworks collected, preserved

	venues, communicate meaning and a record of	
	social, cultural and political experiences resulting in	
	the cultivating of appreciation and understanding	
	 Individual aesthetic and empathetic awareness 	
	developed through engagement with art can lead to	
	understanding and appreciation of self, others, the	
	natural world, and constructed environments. Visual	
	arts influences understanding of and responses to	
	the world.	
	 Through artmaking, people make meaning by 	
	investigating and developing awareness of	
	perceptions, knowledge and experiences.	
	Essential Questions:	
	 How do artists work? How do artists and designers

care for and maintain materials, tools, and equipment? Why is it important for safety and health to understand and follow correct procedures in handling materials, tools, and equipment? What responsibilities come with the freedom to create? How do objects, places, and design shape lives and
 communities? How do artists and designers determine goals for designing or redesigning objects, places, or systems? How do artists and designers create works of art or design that effectively communicate? What conditions, attitudes, and behaviors support
creativity and innovative thinking? What factors prevent or encourage people to take creative risks? How does collaboration expand the creative process? How does knowing the contexts, histories, and traditions of art forms help us create works of
 art and design? Why do artists follow or break from established traditions? How do artists determine what resources and criteria are needed to formulate artistic investigations? What role does persistence play in revising, refining,
 and developing work? How do artists grow and become accomplished in art forms? How does collaboratively reflecting on a work help us experience it more completely? What methods and processes are considered when preparing artwork for presentation or preservation? How does refining artwork affect its meaning to the
 viewer? What criteria are considered when selecting work for presentation, a portfolio, or a collection? How does engaging in creating art enrich people's lives? How does making art attune people to their surroundings? How do people
contribute to awareness and understanding of their lives and the lives of their communities through artmaking?

Preparation for College, Careers, and Beyond		
Career Ready Practices	Personal Financial Literacy (9.1) and Career Awareness, Exploration, and Preparation (9.2)	
 CRP1. Act as a responsible and contributing citizen and employee. CRP2. Apply appropriate academic and technical skills. CRP3. Attend to personal health and financial well-being. CRP4. Communicate clearly and effectively and with reason. CRP5. Consider the environmental, social and economic impacts of decisions. CRP6. Demonstrate creativity and innovation. CRP7. Employ valid and reliable research strategies. CRP8. Utilize critical thinking to make sense of problems and persevere in solving them. CRP9. Model integrity, ethical leadership and effective management. CRP10. Plan education and career paths aligned to personal goals. 	 9.2.4.A.1 Identify reasons why people work, different types of work, and how work can help a person achieve personal and professional goals. 9.2.4.A.2 Identify various life roles and civic and work-related activities in the school, home, and community. 9.2.4.A.3 Investigate both traditional and nontraditional careers and relate information to personal likes and dislikes. 9.2.4.A.4 Explain why knowledge and skills acquired in the elementary grades lay the foundation for future academic and career success. 	

Cross-Curricular Connections						
Interdisciplinary Connections	Technology Integration and Literacy	Climate Change	Amistad Law	Holocaust Law L	LGBT & Disabilities Law	Asain Pacific Islander
 Literature connections: Black & White by Tana Hoban, Seasons by Blexbolex, Swimmy by Leo Lionni and anything written/illustrated by Greg Pizolli, Kazuno Kohara, John Lawrence or Ed Emberly Science: Cyanotype printing (sun exposure), using pieces of nature as printing tools (leaves, needles, flowers, etc). Making adjustments in pressure and water saturation to pull a successful print. Social Studies: Invention of the Printing Press, identifying location of different cultures on world map in relation to NJ Math: using printing as a form of measurement- 	 Andy Warhol Pop Art Prints using Google Drawing Google Chrome Extension- <u>Pop</u> <u>Art Studio Print</u> <u>Online</u> 	 Students can participate in discussions about climate change and art by collaborating to reuse, reduce and recycle materials and tools in the art room. Students can find inspiration from the animal kingdom and the habitats and ecosystems that are in need of protection. Artists who fit this category include but are not limited to: Charley Harper, Arlene Bandes, Bryan Nash Gill and printmaker activists like Swoon (Caledonia Curry), and Lukaza Branfman-Verissimo 	 Students will be encouraged to make connections between art and the history of Amistad Law by exploring artists and events such as: the Harlem Renaissance, the "Underground Railroad," story quilts, etc. Artists/Ideas who fit this category include but are not limited to: Kente cloths from Ghana, Elizabeth Catlett, Delita Martin, Jen Hewett, Robert Blackburn, etc. 	 Students will be encouraged to make connections between art and the history of Holocaust Law by participating in conversations about bullying, emptahy, right vs. wrong, and fairness. Artists/Ideas who fit this category include but are not limited to: Mandala prints, Hermann Struck, Michael Rothenstein, Robert Indiana, etc. 	Students will be encouraged to make connections between art and the history of Disabilities & LGBTQ Law by exploring artists and participating in conversations about bullying, empathy, equality, uniqueness, inclusiveness, acceptance and mutual understanding. Artists who fit this category include but are not limited to: Andy Warhol, Albrecht Dürer, Vanessa Adams, etc.	 Students will be encouraged to make connections between art and the history of the Asian Cultures by exploring events such as: Chinese New Year, Diwali, Ramadan, Holi, etc. Artists/Ideas who fit this category include but are not limited to: Hokusai, Hiroshige, Kazuno Kohara, Japanese Gyotaku fish prints, etc.

Possible Assessment and Instructional Modifications					
Special Education	At-Risk	Gifted	English Language Learners		
 *All teachers of students with special needs must review each student's IEP. Teachers must then select the appropriate modifications and/or accommodations necessary to enable the student to appropriately progress in the general curriculum. Possible Modifications/Accommodations Extra time on assessments Use of a graphic organizer Use of concrete materials and objects (manipulatives) Opportunities for cooperative partner work Assign fewer problems at one time (e.g., assign only odds or evens) Differentiated center-based small group instruction If a manipulative is used during instruction, allow its use on a test Provide reteach pages if necessary Provide several ways to solve a problem if possible Provide visual aids and anchor charts Tiered lessons and assignments Highlight key directions Test in alternative site Use of word processor Allow for redos/retakes 	 The possible list of modifications/accommodations identified for Special Education students can be utilized for At-Risk students. Teachers should utilize ongoing methods to provide instruction, assess student needs, and utilize modifications specific to the needs of individual students. In addition the following may be considered: Additional time for assignments Review of directions Review sessions Use of mnemonics Have student restate information Provision of notes or outlines Concrete examples Support auditory presentations with visuals Use of a study carrel Assistance in maintaining uncluttered space Peer or scribe note taking Space for movement or breaks Extra visual and verbal cues and prompts Books on tape Graphic organizers Preferential seating Reduction of distractions Answers to be dictated 	 Enrichment projects Higher-level cooperative learning activities Provide higher-order questioning and discussion opportunities Tiered centers Tiered assignments Alternate assignments/ enrichment assignments Provide texts at higher reading level Extension activities Pairing direct instruction w/coaching to promote self directed learning 	 Continue practicing vocabulary Choice of test format (multiple-choice, essay, true-false) Vary test formats Read directions to student Provide study guides prior to tests Clarify test directions, read test questions Read test passages aloud (for comprehension assessment)
